

Equine - Assisted Therapeutic Lessons

HPHC group lessons are organized by type of disability, age and level of horse skills. Lessons last one hour long. Our group lessons are limited to two or three riders. HPHC believes that keeping class sizes small allows more one-on-one time with the students.

HPHC Riding lessons also include participation in appropriate pre-mounted and post-mounted activities. These include- grooming, horse handling, and horse knowledge.

An Equine Learning Lesson Program, is offered for our non-riders. Its activities include- grooming, horse handling, horse knowledge and other un-mounted activities.

For an even more individualized experience, HPHC also offers private Equine-Assisted lessons.

Scholarships may be available for those individuals that cannot afford the entire cost of lessons. Contact us for more information.

Note: All students are required to have an initial assessment before starting lessons, to determine abilities and needs.

Rates:

Group Session \$300.00
(Six weekly one-hour lessons, with up to three students)

Private Individual Riding Lesson \$65.00
Package of six lessons \$375.00

Initial Assessment: \$25.00

Conveniently located:

- 25 minutes from Waukesha
- 38 minutes from Jefferson
- 35 minutes from Oconomowoc
- 45 minutes from Milwaukee

Equine - Assisted Therapeutic Lessons

*Heal, Grow, and Hope
through the power
of horses.*

Horse Power Healing Center, Inc.

Our Mission:

“ To provide all individuals, who are physically, mentally, or emotionally challenged, with healing empowerment through horses. Equine-oriented activities help facilitate the ability of individuals to reach their full potential by enhancing self-esteem and self-confidence.”

Who We Serve:

Horse Power Healing Center, Inc. (HPHC) serves individuals diagnosed with disabilities and challenges such as:

- Multiple Sclerosis
- Stroke
- Cerebral Palsy
- Downs Syndrome
- Traumatic Brain Injuries
- Cancer
- Depression
- Autism Spectrum

*One of our Instructors, has over ten years experience working with individuals on the Autism spectrum.

Benefits of Equine Assisted Therapy:

- Improves coordination, balance and flexibility
- Improves and challenges cognitive abilities
- Enhances communication and social skills
- Improves self awareness
- Instills a sense of self achievement
- Helps develop trust in animals and individuals

Who We Are:

HPHC is a one-of-a-kind facility, where individuals and families can benefit from a wide range of horse experiences, tailored to their specific needs by a trained team of instructors, volunteers and horses.

HPHC horses have all been through our extensive desensitizing program. The horses have been conditioned to the necessary equipment, assistive devices and overall stimulus associated with Therapeutic riding programs.

We provide the best in education, and safety for our students and volunteers.

Offering:

- Small Group Therapeutic Horseback Riding Lessons limited to two or three riders
- Equine-Oriented Activities for non-riders
- Individual Private Therapeutic Riding Lessons

We Need Your Support:

- Volunteers for Side-Walking, Office Work, Fundraising, Barn/Farm work
- Donations toward Rider Scholarships, Horse Care, Equipment, Annual Fund, Facilities Development
