Held at: Horse Power Healing Center
S101 W34628 County Road LO Eagle, WI 53119

RSVP to Linda Catterson Lckamaria4@gmail.com

Reiki is an ancient form of energy work used to reduce stress, improve health issues, and to support emotional and physical healing in humans and animals. This Reiki II class will strengthen your connection to the Universal Energy and allow you to send Reiki from a distance. This is incredibly valuable when giving Reiki to animals and people who do not like to be touched.

You must have been attuned in Reiki I, in order to take Reiki II.

Plus, bonus training that you won't find in other Reiki classes; actual hands-on practice with the resident cat, dogs, and horses!

Instructor: Linda Catterson, is a Reiki Master Teacher. Linda has been giving Reiki treatments to humans and animals for eleven years. She specializes in working with people that have cancer, multiple sclerosis, or substance abuse.

NOTES:

Wear comfortable clothes and close-toed shoes. We will hold the class in a barn, so please dress for the weather. Class will be held rain or shine.

Light snacks and beverages provided.

Save the date: Advanced level- Reiki 3 class in August.
