SATURDAY **WORKSHOP**

Horses and humans – we're all energetic beings! Join us for this interactive workshop where you'll learn about yourself and horses from an energetic perspective. You'll learn easy EFT and Eden Energy techniques to help you and your horse feel calmer and more balanced. These techniques support better connections with horses (and other animals).

In the morning, we'll discuss and practice techniques on ourselves. In the afternoon, you'll get to practice with a horse and receive individualized feedback. It will be an engaging and fun day, and you'll leave with some easy tools to support yourself and the horses you work with.

Held at:

SUNDAY ENERGY **BALANCING SESSIONS**

Therese will work with you to identify your goals and determine the focus of a session. Because Eden Energy Medicine encompasses nine different energy systems, it offers a very comprehensive approach to clearing and balancing your energies. With Emotional Freedom Techniques, the focus is more on releasing stuck energy around emotions.

What is Eden Energy Medicine?

Eden Energy Medicine (EEM) is based on the work of Donna Eden, a pioneer in the field of energy healing. She developed the techniques, which she now teaches, through decades of private practice. EEM differs from other modalities because it identifies and works with nine different energy systems (e.g. meridians, chakras, the aura), for a powerful approach to balancing your energies.
