

Sponsor a Horse

Help the Magical Moments Happen!

We invite you, your group or business to sponsor a horse at Horse Power Healing Center. The horses are the crucial part of our therapeutic program. The horses provide physical, emotional and psychological benefits to the children and adults in our programs with special needs. Your sponsorship provides funding to support the annual costs for the horses.

Did you know the average horse eats over a ton of hay in a year? Our therapy horses, like your pets, are vaccinated every year to ward off life-threatening diseases. Every month most of our horses get pedicures (hoof trimming done by a farrier). Every day, they get fresh shavings in their stalls. Many of our horses receive supplements to help with arthritis and other issues. Twice a day, most of our horses receive grain-based feed along with their hay and grass from their pastures. Due to the job the horses perform they receive chiropractic and massage therapies to help them stay in the best condition.

At Horse Power Healing Center we offer our services to individuals, who are physically, mentally, or emotionally challenged, for persons with diagnoses such as Traumatic Brain Injury, Stroke, Depression, Multiple Sclerosis, Cerebral Palsy, Down Syndrome and Autism. We provide lessons for children and adults, ages three-years-old and up. We also offer services for Veterans and Seniors.

HPHC lessons are organized by type of disability, age, and level of horse skills. Classes may be one-on-one or no more than three riders. The goal of therapeutic riding is to teach the student to ride as independently as possible.

Heal, Grow, and Hope through the power of Horses.
